

LEE SECURITY LTD

HISTORY

Lee Security Ltd. was established in 1983 and is a leading independent integrated Fire and Security Systems provider in South East England.

We are an NSI (formerly NACOSS) Gold accredited company in accordance with the requirements of BS EN ISO9001:2000 and NSI Quality Schedule SSQS101, which means that our company meets the standards required by Police authorities and insurance companies. Lee Security also have CHAS, Construction Line and SAS accreditations, as well as being a member of CEDIA, one of the leading home and office integration systems in the current market place.

Our key personnel consisting of the Managing Director, Technical Director, Operations Director and Project Managers, have over 60 years experience in the security industry covering a comprehensive range of various security disciplines and managing a team of dedicated and reliable engineers.

Meeting security standards set by Police Authorities and insurance companies allows us to provide security and safety solutions to a whole host of sectors. Over the past years we have built up a client base that includes residential, commercial, local authorities, public sector, international governments, local government, blue chip companies and many high profile individuals as customers.

**We pride ourselves on our communication
personal and professional approach**

LEE SECURITY LTD

SERVICE

Lee Security specialises in the design, installation and maintenance of the following:-

Intruder Alarm (Burglar Alarm)

Fire Alarm Systems

Nurse Call Systems

Audio & Video Door Entry Systems

Building Management Systems

Visitor Badging

Security Lighting

CCTV

Disable WC Alarms

Integrated Systems

Fibre Optic Installations

Access Control Systems

Perimeter Detector

Gates & Grilles

Monitoring Facilities available with Intruder/CCTV/Fire

Lee Security provides a no fee security survey. Our security designers will provide advice on all aspects of security and either a brief quotation for your quick perusal or a detailed specification with formal quotation. Once installed, each system receives excellent after sales technical support and a project manager with an ongoing Lee Security annual maintenance contract which includes our 24 hour emergency service call out with a maximum 4 hours response time.

All installation work, service and maintenance facilities are provided by our professionally trained, security screened and committed personnel.

At Lee Security we recognize that time critical decisions are relevant to the Fire & Security Industry and have developed a "one-stop" solution to our customer requirements which includes not only Central Station Monitoring facilities but also Key Holder Response.

We look forward to discussing your security requirements with you and welcoming you to the list of our many satisfied Lee Security Ltd. customers.

**Lee Security now offers 3 years warranty
on many of its new installations**

LEE SECURITY LTD

CERTIFICATION/ACCREDITATION

Lee Security Ltd. is a member of The National Security Inspectorate. NSI carry out stringent 6 monthly inspections on installations, administration and security screening of all personnel.

Through their regular inspections NSI ensure that all customers receive the correct level of service and quality from Lee Security, as laid down in their NACP codes of practice manual.

Lee Security also has certification/accreditation with Construction Line, CHAS (Contractors Health and Safety Scheme), SAS (Health and Safety at Work Regulations), and are approved members of CEDIA (Custom Electronic Design & Installation Association).

Copies of our Certificates can be provided upon request.

LEE SECURITY LTD

CUSTOMERS

Lee Security has installed an uncountable number of security systems providing an efficient after sales service.

Due to the nature of our business, we cannot disclose all reference sites, however, we do carry out security work for government departments and foreign governments and currently maintain approximately 300 sites for the members of a foreign royal family.

Further, we are on the approved installers lists for the following companies / organisations:

London Guild Ltd.	*	London Borough of Barnet
Bonhams Auction House	*	North Middlesex Hospital
University College London.	*	Brompton Hospital
Amber Electrical Contractors Ltd.	*	Smartcomm Ltd.

TESTIMONIALS

“Part of my role was to oversee a security system that was hopelessly out dated and even less cost effective in medical terms. It was only through the joint projects undertaken that we are where we are now, fully operational with a hospital security system second to none.”

Henry Grant – North Middlesex Hospital
